Genesis, goes back to the time when Mr. Datta was called in to advise on matters of Accounts. He considered that a proper grounding in the details of Audit and Accounts work was necessary to an officer before he could hold charge of Sections in the Comptroller's Office.

1. He questioned the practice that existed then rather in a note of alarm and recommended an immediate change. Officers with special aptitude for Accounts work were to be selected by turns once every two or three years from among Asst Commrs with not more than 5 years' service and should be given a special training in the Comptroller's Office for about 12 months without being required to hold charge of any Section. If they should pass the required examinations within one year and if there should be a vacancy in the Comptroller's Office they should be retained there. Otherwise they were to be reverted to the general line whether they passed the examinations or not. In this way, Mr. Datta thought that a good number of officers

Could be trained in Accounts Work and that the knowledge gained would be useful not merely in the Accounts Dept, but in positions in the General line also. He put the period of such training at a maximum of two years and proposed the attachment of a reward to the passing of Examinations.

11 These proposals — 2 years training and the reward — were approved in G.O No 7C 4613-52 / G.F. 92-17-38 26.2.18

12 As regards the period of stay of the Asst Commis so trained, in the Compt's Office, Mr. Datta recognised the personal hardship involved and advised that the Officers might be kept in the Accounts Dept for a limited time and reverted to the general line afterwards. At the same time, he added that such a course of withdrawing the trained men after a time "would seriously interfere with the efficient working of the Compt's Office". He went the length of saying that "in the interests of the Office, it would be very desirable to retain in the Office permanently or at least for a number of years, the members of an Office who find the work congenial

to him, and takes an interest in it & is able to do it efficiently".

13 Mr Ganti in their order above cited left the period of service undefined.

14 Later, at the instance of Sir Krishna Rao as Financial Secy, (Vide his order of 12.8.19 in C.B. File No 64-19-10, some of the Civilian Asst Commrs were posted to the Asst Secy Dept for a period of 5 years - Vide Subsequent order and G.O No 450-2 of 1.10.1919.

15 The subject of frequent transfers of trained men from the Asst Secy Dept to the General Secy to the serious detriment of the former came in for review again in connection with the reorganisation of the Civil Service in 1924. With a view to obviate this detriment, Ganti in their order No 757-207/C.B. 210.23-1 of 22.9.1924 (para 13) directed the constitution of the Asst Secy Dept as a separate service and gave the Civilian element three places in the reconstituted service. In para 24 of the same order, they observed that the Civilians drafted to Special Dept shall ordinarily remain in such a Dept for not more than four years exclusive

of the period of training, the object being that the officers should be kept in the Special Dept. sufficiently long to pick up experience & be of real use there, though not so long as to render impossible their transfer to the General line.

16 In Feb 1930 - G.O. No 3125-6/CB
41-29-3 of 4.2.30, the training reserve was increased from one to two.

17 In October 1930, Govt. got the question examined whether the period of 2 years of preliminary training could not be reduced. The Compt. of the day (Mr. Pramanam) in his letter of 8.11.30 explained that a year & a half would be the irreducible minimum.

18 The present Compt. also adheres to this minimum of 1½ years and is also prepared to reduce the period of the officers' stay from 3 years to 2½ years, thus fixing the total period of training & stay to 4 instead of 5 years as at present.

He has also raised another point — to relieve the Asst. Secy of the expe. on account of training. This question does not arise again in these papers & may

perhaps be left over for consideration separately, if neccy.

19 The Consideration & lessons put forth by Mr. Delta hold good to day and perhaps point to the undesirability of disturbing the present period of stay of 3 years in charge of sections. 1 1/2 years for training and 3 years of stay appear to be the minimum, if the interests of the Deptt should be considered.

20 Mr. K. G. Sult entered on his training in the Comptroller's Office on 28.3.1930 and began holding regular charge from 1.3.32. - Carl Dick

21 Mr. N. Madhava Rao came up for training in the Asst. Secy. Deptt on 21.1.1930 -
 & has been holding regular charge since 1.7.32. Under the existing practice, both these officers have about more than a year to serve out their 5 year term.

not think it is desirable to reduce the period of training to less than 3 years - This means too frequent transfers and detriment to the work of the Audit Office - The Comptroller's Office includes the Railway Audit Office also and I do not think the period to

five years is too long for an officer to
get fully acquainted with all branches of
work in that office.

23. I am therefore not
agreeable to the reduction of the period
which if at all must only be, ~~for~~ to
four years & not in any case to 3 years.
The difference between 4 to 5 years
will be very material to the Audit
office while for the General Service it
will not make any appreciable
difference. I would therefore suggest
that the period may continue as
five years.

24 The Comp- may be asked
if ~~either of~~ ^{either of} Messrs G. M. Dutt and N. Madhava

Training and employment of Civil Service Assistant
Commissioners in the Account Department.

1. The period of training has been fixed as 2 years apparently so as to give time to the officer selected to pass the Government of India Lower and Higher departmental Examinations. It is possible that an officer may pass the examination in a shorter time. In such a case there is no objection to the officer being absorbed into the staff earlier. In his letter No. E.S. 504 dated 7-11-1930 my predecessor agreed to the reduction of the period of training in such cases being a year and a half. The officer is expected to get ~~an~~ a knowledge of practical working in the sections while he is preparing for the examination. Ordinarily a year is considered sufficient for getting this knowledge. The period of a year and a half agreed to will therefore leave him sufficient time to get an insight into the work of the various sections of the office.

2. The period which an officer so trained may be expected to serve in this department has been fixed as 3 years. This is by no means too long. Ordinarily an officer is expected to stay ~~xxxxxxx~~ in one charge for this period. Latterly this understanding has not been observed but this has been due, I believe, to exigencies of administration rather than ^{by} any feeling that three years is too long a period for an officer to stay in ~~xxxx~~ one charge. For this reason has also inconsideration of the facts that the training of every officer costs the administration a considerable sum it seems desirable to keep an officer who is trained for work in the department itself for not less than three years. If however, it is considered that this period may be ~~some~~ somewhat shortened it may be fixed at 2 years and a half. Shortening the period further seems to me inadvisable as involving cost and as depriving the department of the experience ^{of} every officer trained in it just when he has learnt to feel sure of his ground and may be expected to think of

improvements

improvements in procedure and practice. The total period to be spent in the department by an officer sent for training becomes thus 4 years. This period is really not ^{so} ~~xxx~~ long, as it ~~covers~~ ^{looks as} for over a third of it the officer is doing no work in the department. He is in a very real sense not in the department at all but in the general administration.

3. There is generally some unwillingness on the part of officers in the civil service ~~who~~ ^{to} come to this department. This is due to various reasons which need not be discussed here. In agreeing to the reduction of the total period, an officer sent to the department should spend here I have in mind the possibility of officers selected for training ~~for~~ in accounts showing less reluctance when the period is ^{shorter,} ~~started~~. I would also in this connection recommend the revival of the allowance given to Assistant Commissioners so as to act as an inducement to even the able of the junior officers to come to the department for training and work.

Much has been made in the past of increase of audit expenditure and proposals have been made on this ground to reduce the establishment in the department. In passing orders ~~for~~ on the subject of training of Assistant Commissioners in future a note may be made that the expenditure on training should not be considered as audit and accounts expenditure.

Dear Mr. Venkatesa Iyengar,

The question has been taken up for consideration whether it is necessary that the period of training of Civil Service Assistant Commissioners in the Comptroller's Office should be two years together with a subsequent stay of 3 years in regular charge of Sections.

It is proposed further to examine if the total period of both training and regular charge may not be fixed at 3 years instead of 5 years as at present.

I shall be obliged if you would kindly send me a note embodying your views on the proposal.

The requisition may kindly be treated as urgent.

Dear Mr. Venkatasubramanian,

The question has been taken up for consideration whether it is necessary that the period of training of Civil Service Asst. Commrs in the Compts. Office should be two years together with a subsequent stay of 3 years in regular charge of sections. It is proposed further to examine if the total period of both training & regular charge may not be fixed at 3 years instead of 5 years as at present.

I shall be

Obliged if you would kindly
send me a note embodying

Your views on the proposal

The question may kindly
be treated as urgent.

Dear Mr. Shamanna,

I have received your D.O. letter No. Fl. 3900 ^{G.F.} dated the 16th instant enquiring whether Messrs: K. Guru Dutt and N. Madhava Rao may be transferred to the General line. When Mr. P. Suryanarayana - Setty who has been posted here for training is fully equipped to take charge of an Assistant Comptroller's work, one of these officers might be taken to the General line and Mr. Suryanarayana Setty given his work. If another Assistant Commissioner is posted for training immediately, it might be possible to withdraw both of these officers to General line in about a year and a half from now.

Yours sincerely,

Dear Sir,

I am desired to invite reference to the correspondence ending with your D.O. letter No. 146/Spl. dated 17th January 1934 to the Financial Secretary regarding the withdrawal of Assistant Commissioners from the Account Department and posting of new Civil Service Officers in their place, and our subsequent ^{Conversation} ~~correspondence~~ on the subject. Government have approved of the posting of Mr. D. C. Subbarayappa, now City Magistrate, Mysore to the Comptroller's Office about the beginning of March next. As suggested by you, he will be treated as an extra officer under training for six months by which time it is hoped that he can be placed in independent charge of a Section of your office. Either Mr. N. Madhava Rau or Mr. Guru Dutt, will be thereafter withdrawn to the general line. // Government also expect that Mr. P. Suryanarayana Setty will be fit to take charge of a section by the time he completes about one year's training. One more Assistant Commissioner will then be withdrawn from the Account Department and another Civil Service Officer will be posted for training in place of Mr. P. Suryanarayana Setti.

Bangalore ^{dated} 9th Feby. 1934

Dear Sir,

H.C. I have received your Confidential D.O. letter No. 2579/C.B. dated 2nd February 1934 intimating the - - decision of Government to post Mr. D. C. Subbarayappa to my office for training. As Mr. Subbarayappa has less than three years service before superannuation I think it will do to train him for the work of only some sections of the office. I shall arrange to have this done in six months and put him in charge of an Officer's work and relieve either Mr. K. Guru Dutt or Mr. N. Madhava Rao for work in the general line.

I wish to bring to notice in this connection that Mr. D. C. Subbarayappa will, in some matters, have to work in subordination to Mr. Viraraja Urs, Deputy Comptroller, who is his junior in the Civil Service.

I shall try if it is possible to complete Mr. P. Suryanarayana Setti's training in a year. He has -

gone on leave soon after joining here and it is doubtful if he can finish training in less than a year and a half. I shall make a report next February as to when Mr. Suryanarayana Setti may be placed in charge of an Assistant Comptroller's duties. When this is done and a new officer is posted for training in his place the other Civil Service Officer may be withdrawn to the general line.

Yours sincerely,
